

Nursery School Volunteers

Highlights

- Spending time keeping very active children entertained and occupied – we bet you will have as much fun as they do!
- Experiencing real Bolivian life away from the tourist areas.
- Developing your Spanish language skills.

About The Project

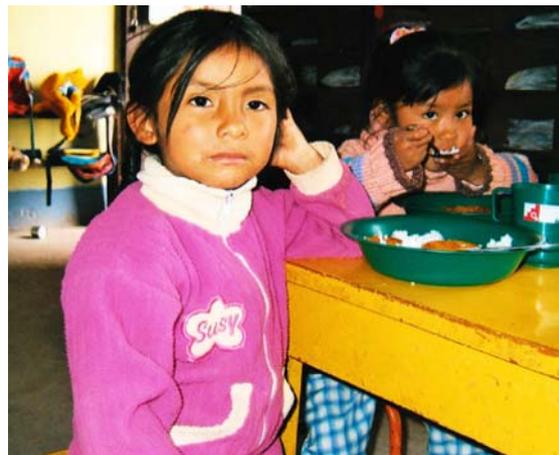

The project provides day care for children between the ages of

2 and 5 years old. It allows their parents to work during the day, many of whom are just about scraping together enough money to survive. The number of children at the centre varies, but there can be up to 40 children to care for, keeping volunteers very busy!

Volunteer Role

The first Monday at the Academia is an orientation day. All new students and volunteers go on a city tour of Sucre to get to know the city and learn how to get around and use the public transport system. In the afternoon there's an information session in which you will learn about the Academia, as well as about important issues such as security, do's and don'ts in Sucre, accommodation, volunteer work etc. Your volunteer placement commences on Tuesday of the first week.

Volunteers play an important role at the project. The permanent staff are extremely busy with the everyday running and maintenance of the nursery and so you will be key to ensuring the children are kept entertained and occupied – prepare to be busy! You will help with arts and crafts, singing and dancing and meal times. The children are very young so all activities are a learning experience – such as how to feed themselves, how to tidy up etc. You will also be able to go out for walks with the children and new ideas and activities are always appreciated!

Location

The nursery school is located 45 minutes by bus from the Academia in Sucre.

Sucre is a beautiful city set in a valley and surrounded by low mountains. It has a rich colonial heritage and is also known as 'the white city' due to its numerous colonial buildings, all of which are painted white and topped with shiny red roofs. In 1991, it was granted 'UNESCO Cultural Heritage' status.

Sucre is home to many museums, a lively central plaza, shops, bars and restaurants. Locals and visitors alike are also attracted to markets where food, textiles and an assortment of other products are sold in barter fashion! The charming colonial town and its nearby villages feature a sizeable indigenous population and they have managed to maintain their customs and colorful dress.

Accommodation

You will stay either at the student residence or with a host family. Host family accommodation includes a private room, breakfast, dinner and laundry service. Singles, married couples and parents with children can all be accommodated. It is also possible to stay in a student residence – one is located within the school grounds, and there are two very nearby. Here you will self cater - there are shops and markets very nearby and a fully equipped kitchen.

Requirements

Volunteers must be able to commit to at least 4 weeks at the project in order to build up a trusting relationship with the children and staff.

All volunteers must hold a high intermediate level of spoken Spanish. If your Spanish is at a lower level, you must join our Spanish language school prior to commencing your volunteer work.

When choosing to volunteer in a developing country such as Bolivia, it is important to remain flexible as the needs of the project are constantly evolving. This is what makes volunteering so rewarding – the fact that you are on hand to lend your support when and where it is needed. By choosing Academia Latinoamericana de Español you will have a comprehensive safety network behind you as we are here to help throughout the duration of your entire stay!
